

HTML Project

1. Create a Navbar:

- Design a navbar with links to different sections of the page (like Contact, About, Projects, Skills, Social Media, etc.).
- Use anchor (`<a>`) tags to link each section and make the page scroll to the section when

2. Contact Form:

- Create a simple form for the contact section with input fields (name, email, message).
- Use the `<form>`, `<input>`, and `<textarea>` tags for input fields, and `<button>` for submitting the form.
- Use placeholders in the input fields to show example text (e.g., "Enter your name").

3. Social Media Links:

- Use `<a>` tags to create clickable links to your social media accounts (like Facebook, Twitter, Instagram, LinkedIn).
- Add the URLs of your social media profiles in the href attribute of the `<a>` tags.

4. Skills Table:

- Create a table to showcase your skills using the `<table>`, `<tr>`, `<th>`, and `<td>` tags.
- Include columns for skill name, proficiency, or experience.
- Style the table with headers and different colors to make it more readable and attractive.

5. Iframe for Location & YouTube Video:

- Use the `<iframe>` tag to display a location on a map (like Google Maps) and a YouTube video (e.g., an introduction video).
- Set the src attribute of the `<iframe>` to the URL of the map or video.
- Adjust the width and height of the iframe to ensure it fits well on the page

6. Personal Information with Video & Image:

- Use the `<video>` tag to display a video about yourself (you can link to a local video file).
- Use the `` tag to show a personal image.
- Include a short introduction or bio about yourself above the video and image, giving a brief description of who you are and what you do.

7. Create an "About Me" Section:

- Create a section where you introduce yourself, your background, and what you do.
- Use headings (`<h1>`, `<h2>`, etc.) and paragraphs (`<p>`) to structure your content. Include a brief description of your skills and achievements.

8. Add a "Projects" Section:

- Showcase some of your projects by adding a section with project details.
- include project names as headings, and provide descriptions in paragraphs. If possible, add an image or a link to the project.

9. Use Lists to Showcase Hobbies or Interests:

- Add a section where you list your hobbies or interests.
- **Suggestion:** Use ordered (``) or unordered (``) lists to structure your hobbies and give short descriptions for each.

10. Add a "Resume" Button:

- Create a section to showcase your resume or CV by online pdf link
